Proposal: Full-Time Web Developer | PHP, JavaScript, WordPress & Shopify

Hi,

I'm excited to apply for the **Web Developer role at Shark Digital**! With **strong experience in PHP, JavaScript, WordPress, and Shopify**, I specialize in **building, optimizing, and maintaining web applications** that enhance user experience and business performance.

Why I'm a Great Fit:

✓ **Service Desk & Task Management** – Experience handling **support tasks, debugging, and troubleshooting** efficiently.

✓ **Full-Stack Development** – Skilled in both **front-end (JavaScript, React, HTML, CSS)** and **back-end (PHP, MySQL, Node.js)** technologies.

✓ **WordPress & Shopify Expertise** – Developed and maintained **custom themes, plugins, and integrations** for e-commerce and content-driven websites.

✓ **Agile & Team Collaboration** – Worked with **Agile teams**, following **Scrum methodologies, version control (Git), and DevOps tools**.

✓ **Cloud & Hosting Solutions** – Familiar with **AWS, Google Cloud, and Azure** for scalable and secure web solutions.

Recent Work Experience:

📌 **Kwanza Images Business Portal** – Built a **Laravel & JavaScript-based** portal for workflow automation.

📌 **E-commerce Store Development** – Designed a **custom Shopify store**, integrating payment gateways and enhancing user experience.

📌 **WordPress Customization** – Developed **custom themes & plugins** for various businesses, ensuring security & performance.

Availability & Commitment:

✅ Available **[Insert Working Hours] per week**

✅ Open to **Contract-to-Hire & Long-Term Collaboration**

✅ Ready to **start immediately** and contribute effectively to your team.

I'd love to discuss how my skills align with **Shark Digital's goals**. **Would you be available for a quick chat this week?** Looking forward to your response!

Best regards,
